

## SEEK COUNTIAN FOR FORGERY AND CAR THEFT

State police today said they have asked officers in 14 states to look for James Eugene Staub, 25, W. Main St., Biglerville, who police said is wanted for forging his friend's name to checks totaling \$185 and taking the friend's car.

According to the officers, Mr. and Mrs. James Eugene Staub and Mr. and Mrs. Roy James Carbaugh resided in the same home on N. Main St., Biglerville.

January 8, according to the officers, Staub borrowed Carbaugh's car to look for employment. When Staub did not return by January 10 Carbaugh became worried, particularly when he also found that Staub had forged his name to a check for \$75 on December 19 and to one for \$110 on January 6. According to the officers, Staub had made out checks for \$75 and \$110 to himself, signed Carbaugh's name to them as payee, and then endorsed and cashed the checks.

When he left Biglerville, police said Staub was driving Carbaugh's 1950 black Chevrolet coupe bearing license number NZ201.

Carbaugh, according to the officers, brought charges against Staub for check forgery and car theft before Justice of the Peace Robert P. Snyder.

## U.S. And European Common Market To Sign Sweeping Tariff-Cutting Agreement

BRUSSELS, Belgium (AP)—The United States and the European Common Market nations will sign a sweeping tariff-cutting agreement on many industrial products Tuesday afternoon, sources close to the Common Market reported today.

The agreement will be signed by Howard Peterson, special adviser to President Kennedy, and Jean Rey, member of the European Economic Community (EEC) commission in charge of foreign relations.

"Everything seems to be going all right," the sources said. "Meetings of experts are taking place today to examine the last problems still pending. These meetings will continue tomorrow morning if need be."

The sources indicated that the French representatives had expressed some reservations about tariff cuts on imports of some American chemicals, but that it was hoped these objections could be met to the satisfaction of the French government.

The pact, it was understood, involves up to 20 per cent reductions on hundreds of tariffs—more by the six-nation market than by the United States.

It also was reported that an arrangement had been made for protecting U.S. farm products in trade with the market.

**MAIN OBSTACLE**

The agriculture problem had been the main obstacle in the 15 months of negotiations. That apparently was cleared Sunday when the Common Market hammered together a joint agriculture program.

When the deal goes through—and informants indicated it may be near the signing stage—the U.S. tariff reductions would be made under the authority already held by President Kennedy.

Such authority was granted by the 1958 enabling act of the re-

## Congolese Censure Gizenga; Is Virtual Prisoner Of U.N.

By PETER GROSE

LEOPOLDVILLE, the Congo (AP)—The Congo Parliament by an overwhelming majority censured Antoine Gizenga today for his defiance of the central Congo government. The pro-Communist deputy premier was a virtual prisoner of U.N. and Congolese forces encircling his residence in Stanleyville.

The government announced Gizenga had agreed to end his self-imposed exile and return to Leopoldville by this Saturday after his personal bodyguard surrendered Sunday to Congolese troops. His capitulation came too late to avert the parliamentary wrath.

After a brief but angry debate, the vote in the Chamber of Deputies was 67 for the censure motion, a single vote against it, and one abstention.

## MELVIN FAIR FOUND GUILTY IN YORK COURT

Melvin H. Fair, 43, Hanover, charged with killing his wife, Ruth, at her sister's home September 30, was found guilty of second degree murder by a York County jury on Saturday.

Judge George W. Atkins deferred sentence until today at the request of defense attorney Richard P. Noll who asked for time to explain the verdict and the different courses open to Fair.

The jury of eight men and four women deliberated for six hours until 8:15 p.m. before bringing in their verdict which carries a maximum penalty of 20 years imprisonment.

## ASKED FIRST DEGREE

District Attorney Daniel W. Shoemaker had asked for a first degree murder verdict — which could carry the death penalty.

The other two verdicts open to the jury were acquittal and voluntary manslaughter.

The jury had returned at 5:20 p.m. to ask the judge for further explanation of the different kinds of murder.

## INSANITY RULED OUT

Asking for acquittal on the grounds of temporary insanity, Bergdoll said: "Put this man in the hospital where he belongs."

Shoemaker objected to the temporary insanity plea and to the inference that Fair was under the influence of intoxicants. The district attorney said that there had been no definite evidence on these matters.

Judge Atkins sustained Shoemaker's objections.

Shoemaker said that Fair's act was premeditated and he had the specific intention to kill his wife because he knew the power of the weapon he carried.

Evidence at the trial had shown that Fair had shot his wife, after she had left their home after a family quarrel.

## ASK DISMISSAL OF APPEAL IN ERB'S ESTATE

Attorneys for Assemblyman Francis Worley, administrator of the estate of Charles E. Erb, late of Latimore Twp., have asked the court to strike off the appeal brought against Erb's will by a number of churches.

The petition to make a court rule absolute and strike off the appeal was filed Saturday, but no action was immediately taken by the court, according to the clerk's records.

The appeal was originally filed in the name of Emmanuel Evangelical and Reformed Church, Hampton; Mt. Olivet Evangelical and Reformed Church, Latimore Twp.; St. John's Evangelical Lutheran Church, Hampton; Lower Bermudian Evangelical Lutheran Church, Latimore Twp.; Victory Evangelical United Brethren Church, South Middleton Twp.; Cumberland County, and Upper Coneago Church of the Brethren, Reading Twp.

The law firm of Bulleit and Bulleit and Attorney T. ## THEATER 62 HAS 1ST GOOD PRODUCTION

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — "Theater 62," NBC's monthly series of television dramas adapted from motion pictures, has been one of the season's great disappointments. The first three or four shows have not been noteworthy.

But Sunday night's adaptation of "The Farmer's Daughter" was bright, engagingly acted and thoroughly amusing.

The story is a political fairy tale — about the Swedish maid in a political household who by a trick of fate runs for Congress and eventually winds up in the arms of her employer's congressman son.

### GOOD ACTORS

Lee Remick played the pretty amateur politician with a dandy Swedish accent. Cornelia Otis Skinner was the family matriarch (and why don't we see more of this lady on TV?). But it was the presence of Peter Lawford as the aristocratic, impetuous young congressman that gave the comedy just the right spark. All real political party labels were carefully removed from the plot so there couldn't be any possible embarrassment in high places. Anyway, it was all good fun.

The weekend also brought two other special entertainment shows. Most promising special was CBS' "The Good Years," on Friday night, a potpourri of nostalgia that flew like a badminton bird between review and documentary formats.

Some portions of the 90-minute show were effectively done with the familiar Project 20 technique — old photos, cartoons and film clips — to evoke an era, in this case 1900-1914.

In between were musical production numbers and comedy sketches which for the most part wasted the talents of Lucille Ball and Henry Fonda. The presence of Mort Sahl proved almost a complete loss. It was impossible for him to be sharp, topical and satirical on such lively, controversial issues as Teddy Roosevelt and J. P. Morgan the elder. It was an expensive, ambitious show — or maybe it was two shows. Whatever it was, it lacked something vital.

**MARRIAGE INSTITUTION**  
Jan de Hartog's durable play, "The Four Poster," was converted from a sly, gently satiric treatment of the institution of marriage into a broad, flat-footed farce on CBS Saturday night. Jackie Cooper played the husband in the mood of typical TV situation comedy — vain, sulky, childlike and pretty much of an idiot. Tammy Grimes bustled about a lot, too. Tom Ewell did his tongue-in-cheek best with an unnecessary anthropological lecture the adapters felt it was necessary to add to the play. The whole effort had the atmosphere of a high school senior play.

Recommended tonight: "Lee the Virginian," NBC, 8-8:30 (EST) — A special Projects documentary made in connection with the Civil War centennial and companion piece to the earlier, "U.S. Grant, Unlikely Hero."

**Park Office Is Completing Move**

The National Park office here began moving from the post office building to the new Visitor's Center and Cyclorama at Zeigler's Grove last week and today expected to have everything moved there with the exception of the large relief map on the second floor of the post office. It is expected that by the middle of the week the map itself will have been moved, thus removing all of the park office equipment to the new building. Superintendent James B. Myers said the relief map was built in three sections thus permitting its removal from the post office building.

Superintendent Myers also reported receipt of an announcement that Benjamin J. Zerby, 36, Pottsville, chief park ranger at Isle Royal National Park in Michigan, has been named superintendent of Hopewell Village National Historic Site in Pennsylvania to succeed Joseph R. Prentice, who has been named superintendent at Harpers Ferry National Monument.

**65 YANKS ARE MADE MASTER MALTA KNIGHTS**

NEW YORK (AP) — In stately and solemn church ceremonies 65 Americans today became Master Knights of the Sovereign Military Order of Malta.

Membership in the organization, devoted to charitable and relief activities, is one of the highest honors in the Roman Catholic Church.

About 1,500 people, including friends and relatives of the new knights, attended the St. Patrick's Cathedral investiture rites, led by Francis Cardinal Spellman, archbishop of New York.

One by one, the inductees knelt before the cardinal and received the knight's cape and an 8-pronged white Maltese cross as he spoke these words:

"Receive this cross for your protection and salvation in the name of the Father, and the Son, and of the Holy Ghost."

A colorful procession, accompanied by the singing of a choir, opened the ceremonies. A special decree from Pope John XXIII was read conferring the status and duties on the new knights.

The worldwide organization of Catholic laymen and priests dates back to the time of the Crusades. The number of American members is limited to 600. The rank is bestowed for "outstanding Catholic action" — service to the church and fellow men.

The present base charge is \$200 per year.

Tuition at the state colleges is known as a fee since the state can't legally charge student teachers for tuition.

## ALGIERS IS NOW CALLED CITY OF DEATH

By ANDREW BOROWIEC

ALGIERS (AP) — In this city of death, Albatross regularly flashes an alert for Chicago.

Sirens scream and police cars speed through the streets. French or Moslem terrorists have found new victims.

Albatross is the Algiers police radio network. Chicago means a shooting by Moslem or European terrorists.

Every day at 6 p.m., in a half-abandoned government building guarded by five armored cars, seven half-tracks and a company of gendarmes, the day's toll of dead is read.

A young civil servant trainee puts together what is known as "the hunting board."

**DEATH TOLL 48**

The countrywide weekend toll just before the 11 p.m. curfew Sunday night was 48 dead, including 35 Moslems and 13 Europeans, and 116 wounded, including 68 Moslems and 48 Europeans.

At night, darkness and silence shroud the ancient Moslem Casbah that no European dares enter.

On an adjacent street, near a half-filled garbage can, an old Moslem beggar lies motionless. A steel-helmeted French soldier walks slowly by, reporting over his walkie-talkie that all is quiet.

Nearby, in an officers' club, the transfer back to France of a commander is celebrated. Champagne toasts are raised.

**GIRLS DO TWIST**

In a brightly lit apartment near the university, carpets are rolled up while a record player blares late American tunes. Someone shows the twist and 10 European couples try to imitate the movement. The girls in bare-shouldered dresses smell of fine perfume. The jovial hosts pour champagne and whisky.

"We are winning," says one of the Frenchmen, a supporter of the right-wing Secret Army Organization. "The government has to deal with us. The rebels are finished."

Others just want to dance, to drink and to laugh, as if time is running out.

## DEBATE OVER ANGOLA WILL STRAIN TIES

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP)—Renewed U.N. debate on Angola today puts a new strain on ties between the United States and its Atlantic ally Portugal.

The debate was the first major business as the General Assembly resumes its 16th annual session after a Christmas recess.

Asian and European diplomats said U.S. delegates had told them it hoped the 104-nation assembly would adopt a moderate, meaningful resolution that would push the Portuguese toward self-determination for Angola.

### PORTUGAL OBJECTS

But Portugal contended that the assembly had no right to even discuss its big West African territory. It maintained that all Portuguese overseas territories are provinces, not colonies, and their control is a domestic matter outside the assembly's jurisdiction.

There was speculation that the Portuguese delegation would boycott the Angola debate as it did on a similar occasion last April. Sources in Lisbon have predicted that Portugal would quit the United Nations if the assembly censured rule over Angola.

Diplomatic sources said the United States probably would not introduce a resolution itself but would try to see that any introduced from Africa, Asia or Latin America would contribute toward (1) self-determination for Angola (2) a satisfactory settlement of the 11-month-old rebellion there.

Communist countries were reported seeking to get African delegations to put in a resolution that would (1) call on all countries to refrain from supplying Portugal with arms to use against the rebels and (2) ask the assembly's 17-nation special committee on independence for colonies to give its first attention to Angola.

### "THE JOURNEY"

Which way will fate make me travel... what road will I chance to take... will peace and love pave the journey... or misery and heartache... will my faith be strong and steadfast... when pitfalls loom in view... and will my hope be able... to bring me smiling through... what form of temptation lingers... where the pathway starts to bend... is mine the will and wisdom... on which I can depend... these are the things I wonder... before the journey starts... for there are unseen aspects... yet, deep inside I'm certain... whatever comes to be... I will be equal to it... God travels the road with me.

ciprocal trade program. This is the program Kennedy wants greatly expanded to give him a freer hand in negotiating massive tariff reductions with the Common Market.

### 20 PER CENT CUT

State Department officials said that one result of the agreement would be that the Common Market would lower its tariffs 20 per cent.

U.S. reductions—limited by the trade act—would be up to 20 per cent.

The agreement was worked out in Brussels with special presidential adviser Howard Peterson representing the United States in final talks with officials of the Common Market—which is made up of West Germany, France, Italy, the Netherlands, Belgium and Luxembourg.

In the Brussels meeting, the Common Market officials have been negotiating agreements for the second stage of a three-phase trade program.

Completion of the second stage after 16 days of tough horse trading smooths the way for negotiations with other European nations seeking to join the trade bloc and for possible bilateral agreements with the United States.

The market's goal is a united, economic giant that could compete successfully with both the United States and the Communist bloc.

## 'COPTERS AND PLANES SENT TO FIGHT REDS

By MALCOLM W. BROWNE

SAIGON, South Viet Nam (AP)—A U.S. Navy ship arrived today with two large Army helicopters and several observation planes to aid the forces of President Ngo Dinh Diem against the Communist Viet Cong guerrillas.

The aircraft ferry Breton, a converted carrier, also had seven jet fighters and a Neptune flying boat bomber on her deck, but these were to be taken to Yokosuka Naval Air Station in Japan, U.S. sources said.

Four jets bearing the markings of the U.S. Air Force 109th Fighter Squadron landed today at Saigon airport, but U.S. sources declined to comment on them.

The sources denied a report that the Breton had discharged a company of helicopters—about 20 aircraft and 200 men—farther up the coast of South Viet Nam on Sunday.

### SECOND TO ARRIVE

The Breton was the second ship loaded with planes to arrive here since South Viet Nam and the United States reached agreement last month on a major new military buildup.

The first ship, the Core, brought about 40 helicopters and 400 U.S. Army men to fly and service them. The helicopters are capable of carrying 14 men each.

The official silence blanketing the arrival of new U.S. equipment has led to wide speculation as to the numbers and types of weapons being brought into the war-torn republic.

Large quantities of military supplies arrive here both by air and ship nearly every day, and convoys made up of U.S. Army trucks are often seen passing through Saigon.

## TO FIGHT FOR BANTAM TITLE

By THE ASSOCIATED PRESS

One of the three tangled boxing championships will be straightened out Thursday in Sao Paulo, Brazil, when title claimants Johnny Caldwell of Ireland and Eder Jofre of Brazil clash in a 15-round fight.

Caldwell is recognized as king of the 118-pound set in Europe while Jofre is considered the champion in South America and by the National Boxing Association in the United States.

The bantam title has been in dispute since Mexico's Joe Becerra retired 17 months ago after being knocked out by Eloy Sanchez. Jofre gained the NBA's nod by flattening Sanchez in Los Angeles Nov. 18, 1960. The hard-hitting Brazilian solidified his claim by knocking out Italy's Piero Rollo and Ramon Arias of Venezuela in title defenses.

Caldwell gained recognition in Europe by twice outpointing France's Alphonse Halimi, the world champion before Becerra, in London last year.

No matter who wins, the division will get a worthy champion. Jofre, 25, has a record of 40 victories and three draws, including 30 knockouts. Caldwell, 23, has a 25-0 record, including 12 kayos.

## NEW MARK SET IN SKI JUMP

WESTBY, Wis. (AP)—A high-flying truck driver, who overcame a bad start to soar to a North American ski jumping record, will lead the United States team when it goes to Poland in quest of world honors next month.

John Balfanz, 21, of Minneapolis, leaped 317 feet—a foot over the old mark—in claiming his record Sunday and taking the top place on the four-man U.S. team. It will compete in the world ski jumping meet at Zakopane, Poland, Feb. 18-25.

Others on the team, in their jumping order, will be Robert Keck of Oconomowoc, Wis.; Steve Reischl of Steamboat Springs, Colo., and Jim Brennan of Edmonds, Wash.

### LAUNCHING BAD

Balfanz' record came on the first of six leaps, but his launching was imperfect. He sped into the takeoff with his skis a shade too far apart and took off the same way. However, he corrected in a split second, leaped into his effort and soared far out over the landing hill.

The former mark was set 11 years ago at Steamboat Springs by Ansten Samuelstuen of Greeley, Colo., and equaled two years ago by Brennan on Pine Mountain at Iron Mountain, Mich.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

### ONE HUNDRED YEARS AGO

**Fatal and Shocking Accident:**  
On Thursday last, Mr. Thomas Himes, of the vicinity of Shippensburg, was returning from that place to his home on foot, on the railroad, when he met a train of barbed cars in a narrow cut, and to escape them tried to get a foot-hold on the side of the cut—but could not perfectly succeed, as it was rocky. The conductor saw him, but too late to check his speed. He escaped all the cars, however, but the last, which was wider than the rest, it struck him, and he fell under the wheels, and was killed instantly, his head being nearly separated from his body. It is indeed a mournful event. He is a son-in-law of Wm. D. Himes, Esq., New Oxford, and leaves a most interesting wife.

Wm. Smithson, a banker of high standing near Washington, has been arrested for furnishing important information to the Rebels. Letters and documents were discovered in a Rebel mail captured on the Lower Potomac, traced to him, giving full particulars of the numbers, condition and position of our troops near Washington, with other information valuable to the enemy. Among the documents found was a plan for the capture of Washington, which had been drawn by Smithson himself. — They ought to make short work with such a traitor!

The large bank barn, stabling, out-house, and carriage-house of Mr. Christopher Mellinger, of Shippensburg, Cumberland county, was fired by an incendiary on New Year's evening, and entirely consumed, with 4 valuable horses, 5 milch cows, 3 head of cattle, horse gears, harness, and a large quantity of oats, hay and straw.— His loss is very heavy.

### SEVENTY-FIVE YEARS AGO

A medical committee appointed by Judge Sadler, of Cumberland county, to examine into the condition of the jail of that county, have submitted a report. It strongly condemns the present building, and advises the erection of a building fifty-four feet by forty and four stories high, with a central wall from the ground to the roof, thus making sections for the male and female prisoners. The cells are to be of boiler iron, well lighted, ventilated and heated, but constructed for solitary confinement.

**Personal:** Mr. Harry F. Buehler, has accepted a position as assistant instructor in the Sellock Academy, Norwalk, Conn. The institution ranks high, and the position is one for which Mr. Buehler is well adapted by education and character.

**Arm Broken:** On Thursday last, whilst driving near the Five Points, a sled upon which were seated Mr. Frederick Winand and wife, of Latimore township, gave a jolt throwing Mrs. W. violently from her seat, and fracturing her left arm. Dr. T. C. Kennedy set the bone and we are glad to report her as getting along fine.

**Bank Officers:** On Tuesday last the First National Bank of this place elected the following gentlemen Directors: Geo. Throne, Peter Diehl, Daniel Culp, Samuel Doser, Alexander Spangler, David Minter and H. Alfred Scott.

The Gettysburg National Bank elected the following Directors: J. A. Swope, D. Wills, D. Kendrick, W. D. Himes, Lewis Motter, Edgar Slagle, Henry Wirt, Wm. McSherry, Jacob Reeser.

## Today's Talk

### THE KNOCKERS

Nobody has ever been able to improve upon nature. Yet there isn't a day that comes and goes but what there are many who freely offer criticism upon the weather or some phase of natural life.

What a world this would have been had everybody had his say first as to how it should have been built!

Knockers. No matter how good you build there is bound to be someone who will try to make you believe that you have done a bad job. Especially so if you have done an extraordinarily good job!

I read a newspaper article some years ago which stated that competition never attacked a failure. Only the foolish find fault with the dead.

It takes a very strong man to attract enemies. The namby-pamby are merely pushed aside as a street cleaner would sweep up so much rubbish. Even the good fisherman doesn't like his fish to bite easily. He wants a scrap — a fight — a contest.

But these knockers. Are they successful? Have they friends? Have they risked, have they built, have they sacrificed anything? Whoever heard of a successful knocker?

Jesus said that the poor would always be with us. Not that He wanted poor people in the world or those who were unfortunate, but that He recognized a fact and knew human nature.

How much simpler if we would take that attitude about the knockers and just let them slide along and go their weary way.

Knockers are a little like summer mosquitoes. They are pesky and bothersome. But you can either pay no attention to them, or else go into the house — or somewhere.

Tomorrow Mr. Adams will talk on the subject: "You Are Your Friends."

### WHEN FATHER MADE A SPEECH

The other night my father said: "Now children, come with me; Of orators you all have read, But here's a chance to see A real, live orator who will An object lesson teach; I'm climbing up fame's steepest hill, An' I'm to make a speech."

"Kind friends," my pa began, an' then, "Kind friends," he said again, "An' ladies here an' gentlemen" — "At starting he was slow, An' then his knees began to shake, A chair he tried to reach; We knew it was a big mistake, When father made a speech.

In arguments at home, my pa Could talk on, like a streak; And when he's run an' missed a car His voice was never weak. An' when we kids would make him mad An hour or two he'd preach; But oh, his tongue worked awful bad The night he made a speech.

## BACK WE GO TO PHARAOH

By JOY MILLER  
AP Women's Editor

NEW YORK (AP)—Fashionable ladies of ancient Egypt wore robes of transparent linen, and working girls wore nothing at all.

Obviously designer Cecil Chapman had no choice. In her spring collection, "Daughters of the Nile," she modestly skirts the bare facts of history and settles for the spirit of that exotic era. As a consequence, 200 fashion writers winding up a new New York Couture Group showings saw bare-shouldered Chapman models undulate along the runway in clinging, draped or pleated chiffon dresses, under the baleful stare of a huge pharaonic statue onstage.

**STRAPLESS GOWN**  
Sensitively successful were strapless gowns gathered high under the bosom and draped in a body-molding line. Sometimes the bare shoulders were sheltered by suede tops—and the daring combination of suede and chiffon won applause.

The Egyptian snood, that familiar squared-off half-circle head-dress the Sphinx has affected for some centuries, was worn with some of the dresses as a hat.

Colors were named appropriately: Sahara brown, lotus green and yellow, baked sand, henna, which glamor girls of 6,000 years ago used for tinting fingers and toes, and kohl, which they used to darken eyelashes.

**FREEMPORT, Pa. (AP)**—A Freeport lumber mill and yard were destroyed Friday by a raging fire that shot flames 100 feet into the air.

They were Mark Vincent Steick, born December 10 in the Warner Hospital, Gettysburg, son of Ralph and Joan Eckrich Steick, Littlestown R. 2. Baptismal sponsors were Charles Henderson and Charlotte Marick, friends of the parents; also Christopher Roy Kebil, born December 26 at the Warner Hospital, son of Bernard G. and Beverly Ann DeHoff Kebil, E. King St., for whom the baptismal sponsors were the child's paternal uncle and aunt, Mr. and Mrs. Joseph Kebil, Hanover; and Amy Lynn Maitland, born December 26, daughter of John E. and Myra Redding Maitland, near town, and the baptismal sponsors were the child's maternal grandparents, Mr. and Mrs. John L. ## Red Wings Moving Close To Playoffs

The Detroit Red Wings, who have lost once once in their last six games, have advanced to within one point of fourth place, the last playoff position in the National Hockey League.

One of the key victories was a 2-1 last period comeback decision over slumping New York Sunday night. It was New York's fifth straight loss and seventh in eight stars.

Third-place Chicago increased its margin over New York to three points with a couple of last period power play goals that produced a 2-2 tie with Toronto.

The tie, combined with Montreal's 4-1 victory over Boston, allowed the Canadiens to stretch their first place lead to two points over the runnerup Maple Leafs.

## QUIZ SUSPECT IN GEM THEFT

PHILADELPHIA (AP)—John C. Berkery faced a hearing today on charges of conspiracy and receiving stolen goods in connection with a \$9,800 gem theft from Bailey, Banks and Biddle, a Philadelphia jewelry house.

Berkery, sought since Wednesday when he failed to appear voluntarily for questioning, surrendered Sunday. He was held for an hour and released on a copy of the charges.

Berkery was one of three men convicted in the bizarre burglary in Pottsville at the home of John B. Rich in 1959. He is free on \$15,000 bail pending appeal in that case.

Three others have been arrested in the jewelry theft. One of them, Armond Julian, 19, a former shipping clerk at Bailey, Banks and Biddle, is charged with the actual theft. Two others are accused of receiving the jewels—two diamond brooches and a diamond ring—and passing them on to Berkery for sale.

Berkery denied knowledge of the crime during questioning Sunday, police said.

tismal sponsors were the child's paternal uncle and aunt, Mr. and Mrs. Joseph Kebil, Hanover; and Amy Lynn Maitland, born December 26, daughter of John E. and Myra Redding Maitland, near town, and the baptismal sponsors were the child's maternal grandparents, Mr. and Mrs. John L. Redding, Littlestown R. 2.

## LONGER WORK DAY BEING PUT IN BY FARMERS

### FARM COLUMN

By RICHARD L. GRAVES

HARRISBURG (AP)—Pennsylvania farm operators are putting in a longer work day now than they did two years ago.

In a report on farm labor the U. S. Agriculture Department disclosed that in December Pennsylvania farmers average 9.6 hours per work day, the same as in the previous year. The figure was 9.3 hours in 1959.

Meanwhile, the farm operator's hired labor averaged 8.2 hours, compared to 8.3 in 1960 and 8.4 in 1959.

### ONLY GENERAL CLUE

The average figures gave only a general clue to the amount of work time put in, since the hours vary sharply from industry to industry and season to season.

Pennsylvania dairymen probably put in more than 10.5 hours, on the basis of national figures, while poultrymen put in closer to 8 hours. The dairy and poultry industries are the two major segments of the state's farm economy.

Nationally, the average work day for farm operators was 8.4 hours, the same as two years ago and slightly below 1960. The hired labor work day of 8.2 hours was also the same as in 1959 and a fraction below 1960.

### FEWER FARM WORKERS

In Pennsylvania the total farm work force in 1961 declined about 4 1/2 per cent from the 1960 level. At the same time total production was at or near the 1960 levels. Since there was no increase in the total hours worked, indications are that production per worker increased at near the same rate that the work force declined.

The increased per capital production is not reflected in improved net income for the farm economy.

Returns to dairymen continued to skid downward, following a two-year trend. Prices for broilers sagged to all-time lows. Things were not much better in other areas of production.

The statistics on hours worked again point up the major economic problem facing agriculture—translating increasingly efficient production into profitable farm income.

## KOVACS TO HAVE SIMPLE FUNERAL

HOLLYWOOD (AP)—Ernie Kovacs, the mustachioed comedian who once said every moment of life should be enjoyed, lived and treasured, will be buried today with simple Presbyterian rites.

Ernie often said he didn't want to leave with the usual fanfare of Hollywood funerals, so his widow, singer Edie Adams, arranged the brief church rites and private burial at Forest Lawn's Hollywood Hills Cemetery. There will be no eulogy.

The 42-year-old comedian was killed early Saturday when his compact station wagon skidded into a telephone pole.

Jack Lemmon, Frank Sinatra, Dean Martin, Billy Wilder, Dick Quaine and Joe Mikalos will be active pallbearers.

### MAY BE CANDIDATE

PITTSBURGH (AP)—State Rep. Maurice H. Goldstein, R-Allegheny, is considering seeking the GOP nomination for lieutenant governor in this year's election. Goldstein said Sunday he will either run for the post or seek a fifth term as representative.

At least five Democrats are interested in opposing Goldstein if he decides to seek a fifth term, according to Andrew T.

## Fireman Jailed And Fined \$600

HARRISBURG (AP)—A 19-year-old volunteer fireman drew a \$600 fine and 11 1/2-23 month jail term Friday after pleading guilty to inducing two boys to set four fires and turn in a false alarm.

The sentence was handed to Joseph S. Fox Jr. of Lawnton in Dauphin County Court. Fox was charged with arson, contributing to the delinquency of minors and conspiracy.

Police said he talked the boys into setting the fires, and lent them his car and \$2 to buy gasoline and kerosene.

None of the fires caused extensive damage.

## DILWORTH TO LEAVE OFFICE

PHILADELPHIA (AP)—Mayor Richardson Dilworth has resigned, effective Feb. 12, ostensibly to seek the Democratic gubernatorial nomination in the May 15 primary election.

The 63-year-old outspoken mayor, who was defeated in 1950 as the Democratic candidate for governor in the general election, announced his resignation at a news conference Sunday. Intimates had reported last year that Dilworth advised them he intended to seek the nomination.

The resignation had been expected but not much before March 12, the last day for statewide candidates to file nominating petitions. The first day to file is Feb. 20.

In his letter of resignation to Council President James H. J. Tate which he read at the news conference, Dilworth made no mention of his plans to seek the gubernatorial nomination.

If Dilworth had disclosed his plans to seek the nomination he would have been compelled by the city charter to resign immediately or have his office deemed vacant.

## Britain Changes To Centigrade Scale

LONDON (AP)—Temperatures took a steep dive all over Britain today, but winter had nothing to do with it.

Britain began shaking off a tradition and switched from the Fahrenheit to the centigrade scale of thermometer marking.

The change to the continental way of measuring hot and cold was the first phase of an official program to convert Britons to the decimal system of measuring.

The switch was gradual. Television and radio weathercasts gave both centigrade and Fahrenheit figures. Eventually Fahrenheit will be quietly dropped.

Some London newspapers printed centigrade temperatures in their weather reports with Fahrenheit demoted to brackets alongside.

A government move is also under way to discard pounds, shillings and pence for easier-to-reckon decimal currency. A committee has been appointed to work out how the change can best be made.

Feinrich, secretary of the Allegheny County Democratic Organization.

## DECLARES U.N. INEFFECTIVE DUE TO REDS

BELMONT, Mass. (AP)—Sen. Barry Goldwater, R-Ariz., says there is no reason why the United States should continue participation in the United Nations.

"The idea was wonderful," he said, "but the world is not ready for it."

He said he always had been charitably inclined to the United Nations but, he added, "since the Communists can stop any peace movement, the United Nations becomes more ineffective."

Speaking in the home town of the leader of the militantly conservative John Birch Society Friday night, Goldwater said he did not know of one member of that group who is in the White House.

But, he added, "The Americans for Democratic Action, who talk about peaceful coexistence, are in the White House close to the President. There are 31 members of the ADA there."

"I am not worried about the extreme right wing in our country," Goldwater said. "They are not in government in Washington. I am worried about the extremists to the left who are in government."

Goldwater spoke at the Belmont Forum before an audience that taxed the capacity of the small Belmont High School Auditorium.

Belmont is the hometown of Robert Welch, founder and head of the John Birch Society, which has headquarters here.

When asked if he would accept support from the John Birch Society, he said: "I would accept political support."

## KILLS WIFE, WOUNDS SON

ALLENTOWN, Pa. (AP)—A 59-year-old barber shot and killed his wife Saturday and then seriously wounded his son during an argument in the couple's second floor apartment, police reported.

Police said Bruno Messina was being held on an open charge of homicide for a hearing.

They said Messina has admitted killing his wife, Vincenza, 54, with a single shot from a 32-caliber Italian make pistol during an argument after he returned home shortly after midnight.

A married son, Ronald, 26, who lives in another apartment in the same building, heard the shot and came to investigate. Police said the father fired once, wounding the son in the stomach. He was admitted to a hospital in serious condition.

## Three Detectives Are Embarrassed

PITTSBURGH (AP)—It was embarrassing. Three Pittsburgh detectives in search of numbers writing evidence walked into a confectionery store Friday in Mount Oliver, a tiny community surrounded by Pittsburgh.

They were informed they were out of their jurisdiction.

A police official took the blame. "All the maps and records in my office indicated the store is on city property," he said.

An 11-point bombardment in the opening moments of the second half brought the Gettysburg College basketball team from behind and moved it on to its fourth consecutive win as it downed Lehigh Valley 71-60 Saturday night on the loser's court before 1,400 fans.

The Flying Dutchmen gave the Bullets a spirited battle throughout the first half and led during the entire 20 minutes. Following an opening two-point by Bob Parker, Hank Van de Water, knotted the count with a corner jump shot. Van de Water, Charles Ebersole and Hi Fitzgerald then rolled up six points while Parker netted another corner jump and the Anville team led 8-4 at the 14:47 mark. Art Foltz and Fitzgerald carried the scoring load for the next five minutes while Warner, Ted Koerner and Rog Gaackler attempted to keep Gettysburg in close. Lehigh Valley built a 19-14 advantage with 9:44 remaining in the half.

With three minutes left in the initial 20 minutes of play, Flying Dutchmen held a 33-26 lead, but the Bullets began to move when Earl Little sipped the cords with a jump from the left and Ron Warner came through with two long shots outside the key. The Dutchmen led 33-32 at intermission.

### GETTYSBURG GOES AHEAD

Following the half time break, Van de Water dunked a free throw in this foul ball game to make it 34-32 and that was the last time Lehigh Valley saw daylight. Simpson knotted the count at 19:30 with a jump from the key. Simpson came back with a charity toss at 18:13 to put the Bullets in front 35-34. Little went in for a lay-up on the fast break. Warner added another two-hand lay-up, and Little recorded two more goals as Gettysburg led 43-34 at the 15:42 mark.

Van de Water and Koch matched goals with Warner and Simpson while Warner and Forstater took turns on the foul line. After Ebersole and Forstater pumped in jump shots and Van de Water hit from the corner, Parker swished two long jumps from the left of the key. Van de Water then added a foul and Gettysburg led 52-46 with 11:06 remaining in the game. The Bullets again added a flurry of shots with Little, Warner and Parker carrying the Orange and Blue to a 60-46 advantage with 7:26 to go in the contest.

During the last seven minutes, the scoring sea-sawed. Bob Hulton also cleared his bench once again and the reserves protected the Bullets' large lead.

Warner had another big night landing 12 of 20 field goals and two of two fouls for 26 counters. Parker netted 16 and Little, who has been coming along fast and giving the Bullet attack an all out performance, landed 12 counters. Little and Simpson tied for

## Weber, Mrs. Garms Bowling Champs

MIAMI BEACH, Fla. (AP) — The new champions of national All-Star bowling are Dick Weber, a 32-year-old St. Louis pro, and Mrs. Shirley Garms of Chicago.

Weber scored a 10th frame strike for a 248 final game Saturday night to win the title in a tight match with Roy Lown of El Paso, Tex. Weber's winning margin was 19 pins.

Both men were among bowlers who rolled a record five perfect 300 games during the 21st annual tournament. Lown was relatively unknown in bigtime bowling before the tournament and Weber made the 16-man finals field by only one pin.

Mrs. Garms, 37, rolled 647 in three games to defeat Joy Abel of Chicago for the women's title.

### SETS VAULT MARK

BALTIMORE (AP) — A Pottstown, Pa., youth has set a meet record in the pole vault at the 16th annual All-Eastern indoor track meet. John Morse of Hill School vaulted 13 feet, 1/4 inch Saturday to break the former mark of 11 feet, 5 inches set by Don Glahill of Frederick, Md., last year. Morse is the Pennsylvania state prep outdoor pole vault champion.

rebound honors will seven each. Fitzgerald and Forstater led the Flying Dutchmen attack with 18 and 16 tallies, respectively. Fitzgerald netted eight rebounds for game honors.

### STROUSE NETS 34

George Strouse, who may be the number one prospect as Warner's replacement next year, put on a one-man show in the preliminary game but didn't receive enough help as the Lehigh Valley junior varsity topped John Carpenter's yearlings 59-54. Strouse coming through with his soft touch, landed 11 of 14 goals in the first half and wound up netting 15 of 23 shots from the field and four of eight foul shots for 34 points. The Little Bullets had foul shooting troubles. Lehigh Valley tallied but four goals in the second half but landed 13 fouls. Gettysburg made only 12 of 25 free throw attempts. Rog Ecker continued to hold the rebound lead as he grabbed nine to bring his season's total to 90. Terry Herr was high man for the Little Dutchmen with 15 tallies while John Witter and Terry Lenker collected 14 and 13 respectively.

### LASALLE NEXT FOE

Bob Hulton's varsity squad (7-3) will go after its first MAC test of the year when it entertains powerful LaSalle squad here Saturday night. The contest is expected to pack the new field house for the first time since its opening. Bullet scoring aces Warner and Parker are coming close to two milestones and it could happen in Saturday's game. Warner has scored 1,463 points during his career and needs 37 for the magic 1,500 mark. Parker has landed a career total of 975 points and needs 25 more for his 1,000th point which will make him the fourth man in the history of the school to reach that total.

## RECORDS FALL AS BUCKNELL TANKMEN WIN

Four pool and one school record went by the wayside Saturday night as the Gettysburg College swimming team dropped its third straight meet of the season as Bucknell dunked the Bullets 56-39 in the Student Union building tank.

Bucknell's two swimming sensations, Eric Moore and cocaptain Bill Dearstine, broke three marks while Gettysburg's diving ace, Scott Ashman, set two marks in the three-meter diving event. Moore, from Albany, N. Y., was the big man in the Bison attack as he lowered the 220 and 440-yard freestyle records. Moore traveled the 220 in 2:17.7 minutes and came back later in the meet to break the 440 by crossing the line in 4:53.9. Dearstine, another native of Albany, set a new mark in the 220-yard backstroke, covering the distance in 2:14.

### ASHMAN WINS AGAIN

Scott Ashman, a Sophomore from Pittsburgh, continued to dominate the diving. This time the 5'6" ace, taking off from 15 feet above the water, collected 62.95 points to better the school and pool marks.

Gettysburg managed to capture three first places out of the 11-event meet. The Bullet relay teams came up with two victories, winning the 400-yard medley relay in 5:01.3 after Bucknell was disqualified. The Gettysburg 400-yard freestyle relay team made it 3-0 on the season by coming home in 3:51.7.

The Bison's second cocaptain, Bill Dorr, matched Moore in events won by crossing the finish line first in the 50 and 100-yard freestyles. Dorr covered the 50 in 24 seconds flat and the 100 in 55.3 seconds.

### FRESHMEN LOSE

The Gettysburg yearlings, looking for their first win of the season lost the preliminary meet to the Bison frosh 67-23. Little Bullet spring specialist Pete Wilson, White Plains, N. Y., had another field day, winning the 50 and coming in second in the 100-yard event. His 100-yard freestyle time of 55.1 seconds set a new Gettysburg school record. Rudy Socey won a first in diving by racking up 62.23 points, a new school and pool record before Ashman performed in the varsity meet.

The Bucknell freshmen also came up with two more pool records. The Little Bisons won the 400-yard medley relay in the record time of 4:08.3 while Bob Smigie set a record in the 200-yard butterfly in 2:09.6.

The Bullets (0-3) will be idle until January 31 when they entertain a strong Dickinson team in the home pool.

## Mount Outclasses Loyola 104-77 In M-D Contest; Talley Gets Cogan Award

Mt. St. Mary's, defending Mason-Dixon Conference basketball champion, left little doubt it is best on repeating when it trounced Loyola 104-77 at Emhitsu's Saturday before a standing-room-only crowd.

The victory was the seventh straight without a defeat in conference competition for Coach Jim Phelan's high-powered outfit. The loss was the first in four starts for the Greyhounds in M-D play.

A sizzling first half in which they landed 21 goals on but 35 tries sent the Mount out in front early and the visitors were never in contention. At half time the Mountaineers held a fool-proof 54-29 lead.

Overall the Mount shot just un- with 38 goals on 82 attempts.

### O'REILLY NETS 30

All 12 Mount cagers broke into the scoring with John O'Reilly setting the pace with 30 points on eight goals and 14 conversions in 16 tries from the foul line. Dick Talley came through with 19 and Eddie Pfeiffer netted 17.

Talley, who collected 17 of his points in the first half, was selected as the most valuable player in the game and was awarded the Fr. John C. Cogan memorial trophy.

A trio of Loyola players broke into double figures with Marty Maher topping the group with 14. Two nonleague games face the Mount (10-2) this weekend. On Friday Rider College will play at Emmitsburg and on Saturday the Mount opposes St. Joseph's in the first game of a doubleheader at the Palestra in Philadelphia.

# 8 ARE KILLED ON ROAD OVER LAST WEEKEND

By THE ASSOCIATED PRESS  
Ten persons were killed in accidents in Pennsylvania over the weekend, including eight traffic victims.

Spring-like weather, with the thermometer hovering in the 50s in some parts of the state, sent thousands of motorists to the roads.

Among the traffic victims was Edward E. Borecky, 53, of Simpson, the father of six children, who was killed Saturday night when his pickup truck went off a road and struck an embankment near Scranton.

Six-year-old Richard Boring of Saltsburg was among the non-traffic fatalities reported from 6 p.m. Friday until midnight Sunday, the tabulating period. Richard drowned Sunday in the Kiskimuntus River near his Indiana County home. He was playing on the river bank when he slipped into the river.

## BURNED TO DEATH

Another nontraffic victim was Mrs. Julia Kelsey, 30, of Philadelphia. She burned to death Sunday in a fire in her apartment. Police said she apparently had fallen asleep while smoking in bed.

The other victims: Milford—Paul A. West, 32, Garfield, N.J., Saturday night when his car missed a curve on Route 6 and crashed into a guard rail.

Erie—Ramon Panetto, 30, R.D., North East, Sunday in a crash which critically injured two others. The car crashed through a link wire fence and hit a building at the Kaiser Aluminum plant.

Chester—Dennis Brown, 3, Chester, when he ran into the path of an auto, Saturday.

Johnstown—Alvin Reese, 60, West Mifflin, Saturday when a car plunged down an embankment.

## FRANKLIN COUNTY

Chambersburg—Victor H. McLaughlin, 32, of Dry Run, Franklin County, Friday night when his car ran off Route 75 and crashed into a bridge.

Delta—Richard Lowe, 17, Wileford, Md., Saturday when his car hit a utility pole near the Pennsylvania-Maryland state line.

Happy New Year from us and with it a welcome to four 1962 All-America flower selections. The newcomers to the exalted list of award winners include:

1. Bravo, an annual dianthus or "garden pink" in scarlet.

2. Old Mexico, a tall, bushy zinnia, with slender stem for cutting.

3. Red Man, a rich, red giant cactus zinnia.

4. Dark Opal, an ornamental sweet basil, the first ornamental plant to merit All-American flower award.

Bravo is only 6 to 8 inches tall and wide and offers a brilliant display for edging, low beds, borders, pots and boxes.

Old Mexico has mahogany red double flowers with golden tips. This is the largest flower of the Mexican-type zinnia and a striking bicolor. It is about 3 inches across, surpassing the popular Persian carpet.

Red Man zinnia is reputedly the biggest among the cactus variety. It has a double flower up to 6 inches across on strong stems developed on semidwarf, bushy plants 2 feet tall. The plants are compact and the flowers are excellent for cutting.

## ORNAMENTAL FLOWERS

Dark Opal, the ornamental sweet basil, has metallic purple color and is suggested for borders, foundation and herb garden, and for aromatic foliage.

fresh or dried. The bushy plant is 18 inches high and has many small purple flower spikes with white tips. It will add to your flower arrangements.

The All-America selections result from preintroductory testing and rating of new flower and vegetable seed varieties in the United States and Canada. The selections are sponsored by the garden seed industry of both countries.

## 1961 SELECTIONS

Perhaps you missed the 1961 selections. They included:

Rosie O'Day, a rose-colored alyssum only 2 inches tall with 8

23, Johnstown, Sunday when he was thrown from his car as it ran out of control down a grade.

# LAWRENCE TO WRITE BOOK; TO KEEP ACTIVE

HARRISBURG (AP) — Gov. Lawrence plans to remain active in politics after he leaves office next January, but he may join a growing list of veteran and retired politicians in writing a book or two.

The governor, who will be 73 when his term expires, emphasized in a special weekend news conference that he will not be relegated to an arm chair.

"I have no thoughts of retiring, or anything of that kind," he said. "I'll be in politics until the priest says the Pater Noster over me at the end."

The Pater Noster is the Latin version of the Lord's Prayer and is recited during the last rites of the Roman Catholic Church.

Lawrence, who took office in 1959 after being elected to four terms as mayor of Pittsburgh, is prevented by the state constitution from succeeding himself.

## FAVORS MORE TERMS

He expressed disappointment that the voters last November defeated a constitutional amendment to permit Lawrence's successors, but not himself, to serve two consecutive terms as governor.

"I think the American people ought to be permitted to elect anyone they want to elect and as often as they want to elect him," Lawrence said.

The governor said he expects to write some books:

"One about politics and the other about the Pittsburgh renaissance. I'm going to devote some time to that," he said.

## FISH STORY

PALM BEACH, Fla. (AP)—Lester Rosenfield, of Wyncote, Pa., boated a seven-foot 11-inch sailfish weighing 75 pounds Sunday. It was the heaviest catch of the 25th annual silver sailfish derby.

Ten years ago, his father, Emmanuel of Philadelphia, also boated a sailfish in the derby. It was exactly seven feet, 11 inches long and 75 pounds.

Both catches were made from the same boat, Elsanbil VI, owned by William Price, Hamburg, Pa.

Lester's catch gave him the lead in two divisions of the derby—heaviest sail and heaviest sail on light tackle.

to 10-inch spread and good staying power in hot weather.

Gloriosa Double Daisy, a hardy perennial with 4 to 5 inch golden blooms on long stems. The plants are 4 feet tall.

Coral Satin petunia, a salmon pink, 12 inches tall.

Some other recommended varieties of the past two years include the hybrid snapdragons such as the Rocket in red, gold, rose orchid, bronze and white.

They grow up to 3 feet tall. Vanguard was the first double snap to win the All-America award. Vanguard is rose-pink with a golden throat.

Toreador Marigold in orange is of the carnation flowered Climax group. It is only 12 inches tall and has 3-inch blooms.

Glamour phlox is salmon pink with a white eye, 12 inches tall. All of the above seeds will be available at your favorite garden store when you are ready to shop for spring.

# Space Balloon Breaks Up Hundreds Of Miles Above Atlantic While Inflating

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—A huge space balloon broke apart hundreds of miles above the Atlantic today as it was inflating to the size of a 13-story building.

The breakup of the big balloon—dubbed "Big Shot"—showed several pieces of aluminum coated plastic into the ocean about 600 miles southeast of the Cape. The pieces, illuminated brilliantly by the rays of the rising sun, provided a spectacular show for observers.

The 500-pound bundle of plastic sheeting was folded neatly in a canister in the nose of a Thor rocket which blasted off at 6:06 a.m. in an experiment aimed at testing techniques for launching an advanced Echo communications satellite.

A few minutes after the launch, the National Aeronautics and Space Administration announced that the balloon had separated from the Thor and had started to inflate. But a short while later the space agency said that the balloon had split.

The reason for the failure was not immediately known. "Technicians planned to study television film relayed from a camera in the Thor booster. The film recorded the 25-minute flight.

An attempt also was under way to recover a 16-mm movie camera which ejected from the Thor and parachuted into the sea. The package carrying the movie camera was sighted floating in the ocean about 200 miles northeast of San Salvador about an hour after the launching. This film would provide a clearer picture of what happened to the big sphere.

## LOOKED LIKE STAR

Newsmen at the Cape saw the beginning of the inflation process as the sun reflected off the gleaming surface. The balloon at first appeared as a solitary star drifting slowly upward in the dark, clear sky.

Suddenly, several other bright objects appeared to surround it. Observers thought initially that these might be parts of the rocket and the canister which carried the folded balloon.

The fragments climbed upward for approximately the intended maximum altitude of 950 miles before starting a quick descent, leaving wavy vapor trails in their wake.

"Big Shot" was to have inflated to a diameter of 135 feet, which would have made it the largest—but not the heaviest—space vehicle ever sent aloft.

NASA has a backup Thor and balloon and expects to repeat the shot as soon as today's trouble is pinpointed.

If the second shot is successful, a similar sphere will be rocketed into orbit later this year as Echo II.

Rochester Regains 1st Place in AHL

By THE ASSOCIATED PRESS  
Rochester is once again in sole possession of first place in the hotly disputed battle for the Western Division lead of the American Hockey League.

The Americans regained the No. 1 spot with a 6-3 victory over Pittsburgh Sunday night while Buffalo clipped Springfield 5-2 and Quebec beat Providence 4-1m.

Rochester, Buffalo and Cleveland all have had at least a share of the Western lead since Wednesday, and only two points now separate the three.

Rochester and Cleveland were tied going into Sunday night's action, only one point ahead of Buffalo. The Bisons still trail Rochester by one, with Cleveland, idle Sunday night, the same margin back of Buffalo.

# MORE SNOW IS PILING UP IN MIDWEST AREA

By THE ASSOCIATED PRESS

Heavy wet snow blanketed broad areas of the Midwest today, piling atop the big covering still on the ground from last week's storm.

The storm, which swept north-eastward from eastern Kansas and Oklahoma dumped from one up to more than six inches of snow in a belt extending from northern Missouri across northwestern Illinois into southeast Wisconsin and western lower Michigan.

Snow depths in the region ranged from 8 to 10 inches, with the covering in Muskegon, Mich., measuring 15 inches. Chicago, hit by an 11-inch snowfall a week ago, started digging out from the fresh fall which was expected to reach eight or nine inches.

Driving conditions were reported hazardous throughout the snow belt. At least three traffic deaths were attributed to slippery highways, one each in Kansas, Missouri and Iowa. Three persons died of heart attacks while shoveling snow in Illinois.

Air travel was curtailed in some cities, including Kansas City and South.

Thunderstorms rumbled across Alabama and sections of Louisiana and Mississippi, causing some property damage. Gusts of 66 m.p.h. lashed Birmingham while gusty winds and heavy rains hit southeast Louisiana.

There was a warming trend in most of the Southeast in the wake of last week's unseasonable cold weather. Temperatures were above freezing for the first time in several nights in the Carolinas, Tennessee and the Gulf region. Readings ranged up to 80 in southern Florida Sunday.

# PENNSYLVANIA TO MERGE WITH N.Y. CENTRAL

By ROGER LANE  
AP Business News Writer  
NEW YORK (AP) — The high-bill sign went up Saturday for merging the giant Pennsylvania and New York Central Railroads into a 20,000-mile, \$5.4 billion assets Goliath.

Carrying an economic necessity label, the plan dramatized creeping financial ills that threaten major rail, air, highway and water segments of the country's transportation system, a \$100-billion yearly industry.

It promised to stir sharp debate in Congress, local governments, federal regulatory agencies, and among shippers, as well as within the industry itself.

Within hours of the plan's approval Friday at separate meetings of the Pennsy and Central boards, it was assailed by 20 railway labor unions as "catastrophic" in its potential effects.

## UNIONS OPPOSE

The railway brotherhoods fear especially elimination of jobs, one of the means by which the merging companies would hope to pare expenses and shore up faltering earnings.

Between them, the Pennsy and Central have about 120,000 employees.

Latest published figures, covering the first 11 months of 1961, showed the Central nearly \$15 million and the Pennsy \$2.7 million in the red, although the Pennsy may have finished the year in the black.

Aside from the brotherhoods, opposition to the proposed union was possible from the Justice Department, concerned with monopoly questions; from shippers; and perhaps from competing railroads.

# World Briefs

NAIROBI, Kenya (AP) — Jomo Kenyatta, freed last August after nine years in prison on charges of leading Mau Mau terrorist uprisings, was sworn in Saturday as a member of the Kenya Legislative Council.

Kenya's two African political parties favor Kenyatta for prime minister if and when Britain grants independence.

MOSCOW (AP) — Valerian A. Zorin, permanent Soviet representative at the United Nations has been awarded the Order of Lenin, the Soviet news agency Tass reported Saturday. The award was "in connection with his 60th birthday and for services in his diplomatic position."

LYON, France (AP) — A County Court has ruled that a local government may underwrite loans for construction of churches in new housing developments.

In France, as in the United States, church and state are legally separated and the issue of state aid to church schools long has been a controversial one.

The Rhone County Court Friday held that the county could guarantee a loan of 7 million francs (about \$1.4 million) sought by the Roman Catholic diocese for construction of churches in new districts of Lyon.

MACAO (AP) — A total of 29 refugees from neighboring Red China reached this Portuguese colony Friday night and said 16 others were intercepted by Communist border guards. The refugees included 12 children.

They said 45 villagers from nearby Chungshan County stole three fishing junks under the nose of Communist patrol guards Thursday night and sailed for Macao. One junk was intercepted by a Communist motorboat.

TOKYO (AP) — Trade between Japan and Red China in 1962 is expected to reach over \$30 million, an increase of about \$37 million over 1961, the Foreign Ministry announced Saturday.

Japanese firms will export to Red China mainly steel products, textile raw materials and chemical fertilizer, the ministry said, in exchange for salt, coking coal and soybeans.

# TOMMY JACOBS IS SAN DIEGO OPEN WINNER

SAN DIEGO, Calif. (AP) — There's nothing like money to boost a golfer's morale, so it was a happy Tommy Jacobs of Bermuda Dunes, Calif., who led the way today to the Bing Crosby clubhouse after winning the \$25,000-San Diego Open.

Jacobs, whose last good win was at Denver in 1958, pocketed \$3,500 as the winner of a dramatic sudden death playoff with another young tournament pro, Johnny Pott of Ocean Springs, Miss.

Both are 26, both are ex-collegians — Jacobs from Southern California, Pott from Louisiana State.

## OLD PROS FLUBBED

Jacobs shot a final-round 65, six under par for 277, and finished early. Pott, in a better position at the start of the day, scored 69 for 277.

Pott made his bid in a pair of threesomes that included Mike Souchak, Bob Goaly, Art Wall Jr., Gary Player and Jay Hebert.

Jacobs was tied for 15th place Sunday morning. Pott was still close going into the final nine holes, but few gave him much chance to hang on with the likes of Souchak and Goaly, the cool leaders at this point.

But it was the old pros who flubbed opportunities and the younger men who battled away.

BALCARRES, Sask. (AP) — James Garfield Gardiner, 78, Canada's minister of agriculture for 22 years ending in 1958 and a Liberal party leader, died Friday of cancer. Gardiner held office continuously for 44 years.

# A Lovelier You

By MARY SUE MILLER  
WHO'S AWKWARD? Scene in the lobby of a celebrated New York hotel: A kaleidoscope of fashion, as ladies gathered for

luncheon. The fur stole, the costume suit, the important hat, the crushed glove and the flash jewel — all were present and looking elegant. Until, that is, a wearer sat down!

Then what had been a picture of loveliness suddenly became a study in awkwardness. Slim damsels, slumping in their chairs, resembled sacks of meal. Heavy women, feet stuck out and knees ajar, took on the aspect of a lady wrestler.

Just so, poor posture detracts from feminine looks and fashions in any situation. And all so unnecessarily, for it is so easy to carry oneself gracefully. To take a graceful seated position, simply follow these tips:

1. Sit squarely on your "sittin'" bones. 2. Pull your waist in and up. 3. Let your shoulders fall relaxed. 4. Hold your back in a straight line, whether or not it rests against the back of a seat. 5. Avoid crooking your neck and letting your chin sag. 6. However you arrange your legs, keep the knees together. Place the soles of your feet on the floor, the toes of one foot slightly ahead of the other. If you're slim, you may cross the knees. But no cheesecake, please! No feet in the line of passage, either. It is not the people who step on others' toes who are awkward.

7. Compose your hands in your lap and keep them still. 8. Practice all these motions until they flow into one simultaneous action. Then you'll really be sittin' pretty!

# SKINDIVER IS ATTACKED BY COAST SHARK

By HUDERT J. ERB  
SAN FRANCISCO (AP) — A brawny, six-foot skindiver told his wife, "I probably won't be back. I figure a shark will get me."

Floyd Pair Jr., 29, a Sacramento, Calif., milkman said it as a joke but he almost foretold his fate. Only the ending turned out differently.

Here's what happened Sunday: Pair came to San Francisco for a day's skindiving near the Farallon Islands 25 miles west of the Golden Gate. He was one of a party of 100 Sacramento area divers who had chartered four boats for the purpose.

At about 11 a.m. Pair went over the side of the boat, New Merri-mac, a black skin suit taut against his body, oxygen tanks on his back, face mask in place, spear gun in his hand.

## LIKE A DOG

"I went down to about 40 feet," Pair recounted. "I chased a fish, lost him, decided to surface."

"Then it hit me, just as I surfaced. At first I thought it was a seal. But a seal doesn't have a mouth that big. It was brown, and every inch of 14 feet long. It hit me from the right side and

started shaking me like a dog plays with a bone.

"I saw that it was a shark. I remember thinking first that it didn't hurt. Then I half remembered something I had read by a German deep sea expert, Hans Hass.

"Hass said to make a lot of noise and hit an attacking shark in the face."

"I spit out my breathing mouth-piece, began yelling, 'Shark! Shark!' at the same time I began jabbing at the shark's snout with my spear. He let loose of me and took off."

Two other divers helped Pair back to the New Merri-mac. In minutes the water was cleared of other divers. A helicopter was called and took Pair to San Francisco's Franklin Hospital.

"On the boat they wanted to cut off my suit and look at the wounds," Pair said. "But I felt I needed that tight suit to keep whatever blood I still had in me."

Doctors described Pair's wounds as serious but not crippling. He suffered gaping leg wounds and a deep bite into a buttock.
